

Parker County Community Emergency Response Team

Parker County prepares for everyday emergencies. During a disaster, the number and scope of incidents can overwhelm conventional emergency services. In such situations, individuals may need to step in and provide immediate lifesaving assistance until first responders arrive.

The Community Emergency Response Team (CERT) program is a FREE, 33-hour, all-hazard training that equips you with the skills to safely care for yourself, your family, your neighbors, and, if necessary, your community during an emergency.

I would like more information on the FREE 33-hour CERT course
